

Allerona - Villalba route

The excursion itinerary starts from the bus stop of the Umbria Mobilità Bus (formerly Atc) in Piazza Attilio Lupi, just outside the walls of the small medieval village of Allerona. It covers a stretch of the provincial road and then continues slightly uphill on the dirt road that enters the woods of the Selva di Meana Natural Protected Area. Cross the Ripuglie ditch reaching "Fattoria" Casa Nova, an excellent observation point from which to enjoy a wide view over the Paglia Valley. From here continue on the "Strada delle Bucacce" which passes close to Monte Spano and allows you to reach the provincial road again. Entering the "Rivarcale" Hiking Trail, it arrives at the Villalba Park and here it crosses the equipped picnic area where the "La Baita di Villalba" restaurant is also located. The last stretch, always wooded, leads to the restaurant and accommodation facility "Hosteria di Villalba" (Podere Casanova).
